Introduction

To encourage Kuwaiti youth to pursue scientific research in the financial, banking, and economic fields in the State of Kuwait, the Central Bank of Kuwait launched the fifth cycle of the "Kuwaiti Economic Student Award" for students and young graduates holding bachelor's, master's and doctoral levels, to motivate them to contribute to the development of banking work and support financial innovation in the State of Kuwait, in addition to shedding light on the distinguished in this field, and providing the banking and financial sectors with the most qualified young national cadres to support and develop the national economy. The first version of this award took place in 2018.

Awards Objectives

- Encouraging scientific research in the economic fields, which related to the banking and financial sectors in the State of Kuwait, by motivating national talents to develop their skills and research capabilities on a high scientific basis in the fields of banking and financial work.
- Shedding light on the distinguished and promising student and youth talents of students in the fields of economic, financial and banking research and encouraging them to achieve more excellence in their fields.

Research Field

- The economic, financial, and banking fields that contribute to the development of the Kuwaiti banking sector and are directly benefited from.
- The economic fields that contribute to finding scientific solutions to the problems, challenges, and imbalances facing the Kuwaiti economy.
- The modern technological fields that are reshaping the Kuwaiti economy according to advanced economic models.

Conditions for submission

Conditions relating to applicants

- The applicant must be a Kuwaiti citizen.
- The participant's age should not be less than **21** years and not more than **45** years old.
- The applicant must be a current (bachelor's, master's, or doctoral) **student**, or a **holder** of a degree from one of the academic levels, of a government or private academic institution in Kuwait or abroad and must provide a proof of that.
- The research can be submitted **individually** or **jointly**, and in the case of joint research, the previous conditions must be applied to each member of the team.
- The participant should not submit more than one research paper in the same year, whether the research is submitted individually or jointly.
- Applicant who has won first place in the previous year are ineligible to apply again until one year has passed since receiving the award.

Conditions related to the research submitted

- The research should be in Arabic or English language.
- If the research is in English, an executive summary must be submitted in Arabic.
- The research should not be published in a scientific journal.
- The research must not have won any other award.
- The research should meet the criteria of sober scientific research in terms of formulation, methods of conclusion, documentation, and references.
